It was observed in the inspection that the buildings in the SDO complex have been completed. However, there is no electricity and neither water supply and nor mobile connectivity. At the same time, the Hon'ble local MLA offered a community building at the village to use it for opening of the branch temporarily. But bank needs the building permanently or at least for 10 to 15 years as opening a branch involves huge investment for making racks, strong room, electric wiring and LAN cabling etc. So, shifting of the branch will cost the bank heavily as the same investment has to be made in the process.
